

The Responsible and Ethical Use of AI

Academic Year 2025 – 2026

Date: Monday, October 6, 2025

To: All KFUPM Faculty, Researchers, Postdocs, and Graduate Students

cc: KFUPM President, Vice President for Research and Innovation, Vice President for Academic Affairs, Deans, Department Chairmen, Center Directors

The Deanship of Research invites all faculty, researchers, postdocs, and graduate students to review the Recoded webinar “The Responsible and Ethical Use of AI.”

Topic: Responsible and ethical use of Generative AI (e.g., ChatGPT, Bard) in research and education.

Overview: The session will explain how current AI tools work, their opportunities and limitations, and outline appropriate vs. inappropriate uses in scholarly work. It will also touch on international ethical principles and guidelines that promote responsible AI use.

Recorded Webinar Access: [The Responsible and Ethical Use of AI - webinar recording.mp4](#)

Webinar Material(slides): [The Responsible and Ethical Use of AI in Scholarly Works.pdf](#)

The University values your commitment to responsible research practices and appreciates your cooperation in keeping informed about ethical AI use.

Deanship of Research

Thank you.
